Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *Classified Business Directory* —listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A *"Yellow Section" or Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5 A *Statistical and Historical Story* of your city; plus miscellaneous other information.

INTRODUCTION AND GENERAL INDEX

R. L. POLK & CO., publishers of more than 1,400 city, county, state and national Directories, present to subscribers and the general public, this, the 1970 edition of the Ames City Directory, which also includes Nevada, Story County Towns, and Story County Taxpayers.

Confidence in the growth of Ames' industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Ames to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Ames and Nevada Directory will fulfill its mission as a source of authentic information pertaining to the community.

Nine Major Departments

The nine major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of Ames and Nevada, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the communities. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In busy and diversified communities like Ames and Nevada, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns of Ames is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Ames, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE for Ames is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are

placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers and Zip Codes.

IV. THE NUMERICAL TELEPHONE DIRECTORY for Ames is the fourth major department, printed on blue paper.

V. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns of Nevada is the fifth major department, printed on white paper.

VI. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE for Nevada is the sixth major department, printed on green paper.

VII. THE NUMERICAL TELEPHONE DIRECTORY for Nevada is the seventh major department, printed on blue paper.

VIII. THE STORY COUNTY TOWNS covering the small towns of the county is the eighth major department, printed on white paper.

IX. THE STORY COUNTY TAXPAYERS is the ninth major department, printed on white paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site, and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Ames and vicinity.

The Ames Directory Library

Through the courtesy of the publishers of the Ames City Directory, a Directory Library is maintained in the offices of the Ames Public Library, for free reference by the general public. This is one of more than 800 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico through the courtesy of your Publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

The National Animal Disease Laboratory, Ames, Iowa, is the United States Department of Agriculture's research center for investigation of livestock and

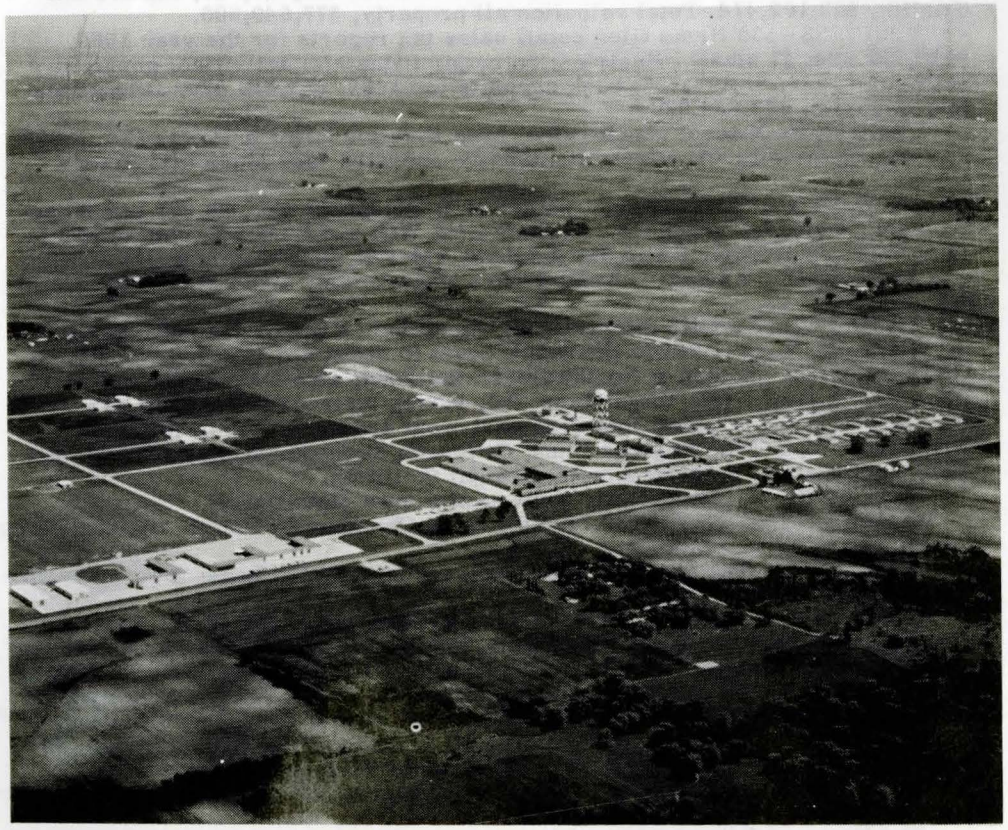

poultry diseases that occur in the United States. The laboratory, completed and occupied in 1961, is a complex of fire-resistant buildings located on a 318 acre tract of land approximately three miles northeast of the city. Constructed for approximately $16.5 million, the laboratory with an operating budget in excess of $6.5 million annually, each year continues to expand in research and laboratory facilities. This, the world's most modern veterinary research facility, requires as many utilities and services as a small city. Many of the animals used in the various research projects are reared at the Animal Production Unit, which is located approximately one and one-eighth miles south of the main laboratory on a site consisting of some 45 acres. The laboratory employs approximately 475 persons, one-fourth of which are scientists—research veterinarians, microbiologists, biochemists, physicists, and other biological scientists. A number of laboratory assistants, technicians, and administrative personnel are also employed.

The aims and purposes of this laboratory are to develop basic and applied research programs on infectious and non-infectious diseases of animals that rob the American farmers of approximately $2 billion annually, and decrease the potential of an adequate supply of animal protein to the consumer. Investigation of each disease entity is conducted by a team of scientists who have different and specialized training.

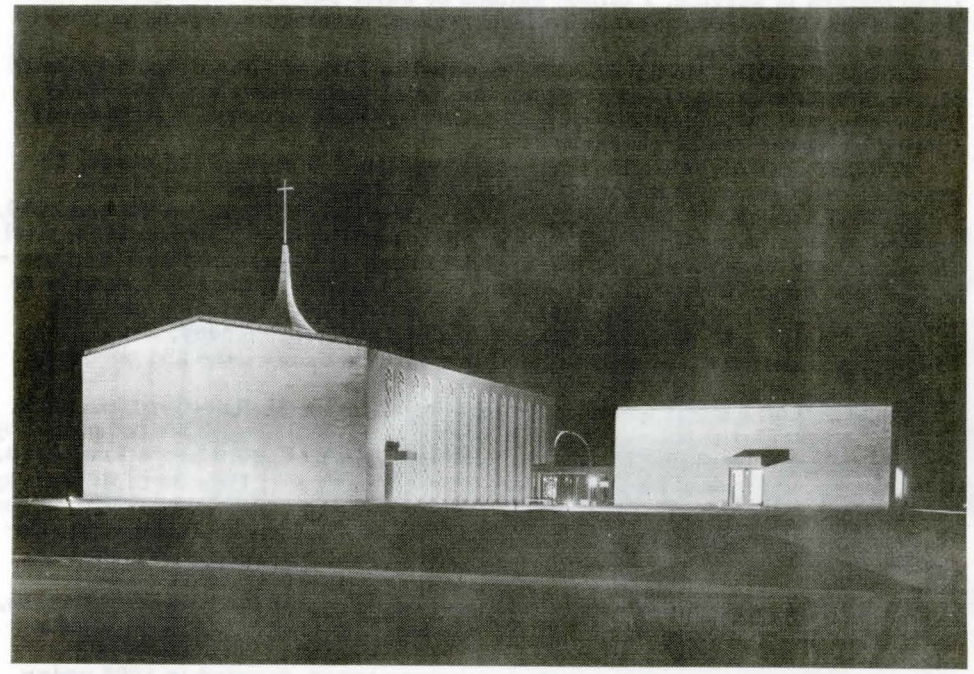

In addition to the research program, two regulatory divisions have programs associated with the laboratory. These include setting standards and testing veterinary biologics for safety and potency, and providing diagnostic services to support Federal programs for the control and eradication of animal diseases.

EDUCATION—Iowa State University; Ames public schools; Catholic parochial school.

LIBRARIES—Ames Public Library, 55,700 volumes; Iowa State University Library, 745,170 volumes.

IOWA STATE UNIVERSITY OF SCIENCE AND TECHNOLOGY

Iowa State University of Science and Technology was founded in 1858, 12 years after Iowa became a state.

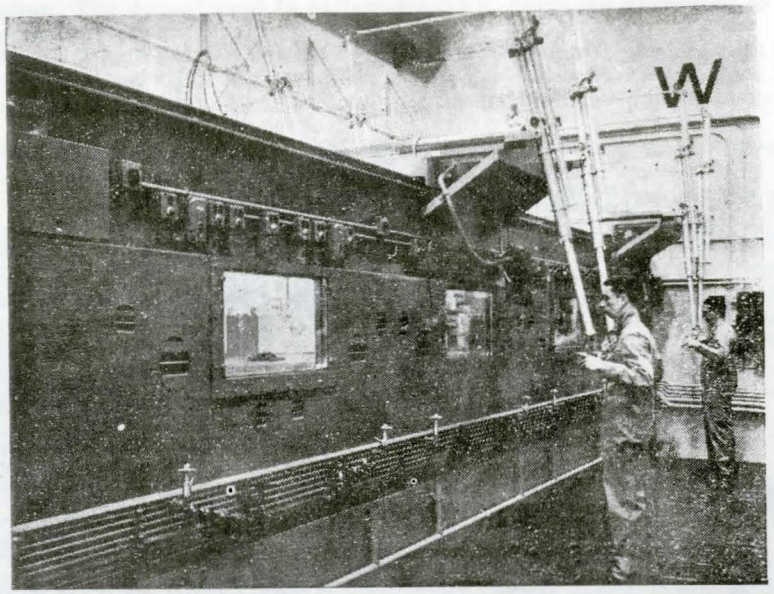

Colleges within the University are Agriculture, Education, Engineering, Graduate, Home Economics, Sciences and Humanities and Veterinary Medicine.

A federal land-grant institution, Iowa State has a three-fold function:

1. Resident instruction on both the undergraduate and graduate levels.
2. Extensive programs of research.
3. Statewide University extension services.

Mary Greeley Hospital was expanded by a $2 million addition, completed September, 1961. The addition is shown in the foreground of this architect's sketch.

Handling radioactive materials in the Ames Laboratory of the United States Atomic Energy Commission. The laboratory is part of the Institute for Atomic Research at Iowa State University. Front view of wall surrounding "hot cave" in "hot canyon" of Research Building. Heavy steel wall shields workers from radioactive materials in the cave. Special glass windows allow view inside, and remote manipulators (being used in picture) handle the radioactive materials. On front of wall also are electrical outlets of various voltages and types, vacuum lines, water lines, gas lines and compressed air lines. These lines can be run through special safety plugs to experiments which are set up within "hot cave."

The research facilities of the University include the Agriculture and Home Economics Experiment Station, the Engineering Research Institute, the Institute for Atomic Research, the Sciences and Humanities Research Institute, the Veterinary Medical Research Institute, the Statistical Laboratory, the Industrial Relations Center, the Computation Center, the Water Resources Research Institute and the Home Economics Research Institute.

The United States Atomic Energy Commission has a major laboratory for basic research on campus, operated as an integral part of the Institute for Atomic Research.

THE IOWA STATE HIGHWAY COMMISSION

The responsibility of the Iowa State Highway Commission is to provide the road user with as fine a system of highways as is economically possible, and

to protect that investment by continuous maintenance for safe year-round travel.

Created in the dirt road days of 1904 to make investigations of road conditions and to advise local authorities, the Iowa State Highway Commission today reflects the increasing awareness by Iowans of the importance of highway transportation to the state's development and progress.

The five members of the Commission, appointed by the Governor, establish organization policies. The administration of those policies is the responsibility of the Directory of Highways.

Basic functions of the Commission are to:

1. Develop and maintain a current inventory of all highway facilities in the state.
2. Analyze and project highway needs.
3. Plan, program and design the necessary highway facilities to meet these needs.
4. Acquire right of way, let contracts and supervise construction of new highway facilities.
5. Maintain highway facilities in a safe and well-kept condition for the motoring public.

The Highway Commission today is responsible for 8,961 miles of rural primary highways, 1,212 miles of primary extensions in cities and towns, 202 miles of state park and institution roads and for joint control with the 99 county boards of supervisors over 90,490 miles of secondary roads.

The Commission cooperates with county authorities in approving plans and contracts for road construction, approves budgets for secondary roads, reviews city programs, budgets and plans for street improvements, provides engineering assistance to other state departments, works closely with cities and towns in preparation of long-range plans.

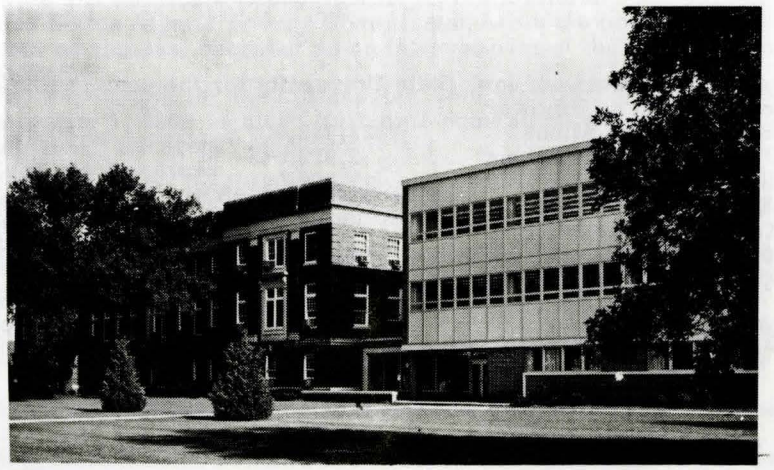

More than 1,000 persons are employed in the Highway Commission state headquarters in Ames. Approximately 3,000 additional personnel are employed by the commission throughout the state. This total includes Commission maintenance forces in each of the 99 counties.

The Commission has six district offices, 24 resident construction offices and 23 maintenance offices.

Salaries paid to Ames area employees in 1969 totaled $9.6 million. The state wide payroll for the Highway Commission in 1968 was $29.6 million. Highway Commission salaries statewide in 1969 were $29.9 million.

During the calendar year contracts approved by the Iowa State Highway Commission for construction on the primary and Interstate system and on the state parks and institutional roads totaled $82 million. Additional contracts of $27.5 million were approved on the farm to market road system.

Highway construction expenditures for 1969 were $66.6 million, of which $9.8 million was for right of way acquisition. An additional $23.4 million was expended on highway maintenance.

Central offices of the Iowa State Highway Commission in Ames, completed in 1961.

AMES PUBLIC SCHOOLS

With modern, well-equipped school buildings and with modern educational philosophies and practices, the Ames Public Schools offer a splendid opportunity for the education of the children of the city. The school plant comprises twenty-four buildings, with a present total new replacement value of $15,506,500. This plant includes the new Senior High School; the downtown Central Junior High School Building and its splendid auditorium and gymnasium facilities; the new Welch Junior High; the Beardshear, Crawford, Edwards, Fellows, Harlan, Lincoln, Meeker, Mitchell, North Grant, Northwood, Roosevelt, Sawyer, Whittier, and Willson Elementary Schools, and the Maintenance Building. The Lincoln Elementary School has been converted to Central Administration.

Ten projects were completed during the past five years. A stadium with a well-lighted football field and an all-weather Grasstex track was used for the first complete football season in the fall of 1966. Connected with this stadium is a senior high school gymnasium that was dedicated in February, 1967. A joint city-school recreation building housing a 75' x 75' swimming pool is connected with the gymnasium and is used jointly by the school and city. A new elementary school, the Fellows School, was dedicated in April, 1967. A new Welch Junior High School for the west side of Ames was opened in the fall of 1968. The outgrown Welch Building, which a few years ago served both junior high and elementary school students, has been converted to full time elementary use and named John E. Harlan School. Additions were built to elementary schools to provide them with needed classrooms and Central facilities, particularly instructional material centers. Two new elementary schools were completed in 1970, Mitchell and Northwood.

During the past fifteen years ten different bond issues were successfully carried to authorize the construction of five elementary schools, additions to nine elementary schools, remodeling of junior high school facilities, a new high school, and a new junior high school. The most recent of the ten successful bond issues, the $3,900,000 issue approved in March, 1968, provided funds to build two new elementary schools, additions to four elementary schools, an addition to the Senior High School, and an addition to the Welch Junior High School. There were a total of 112 elementary classrooms with related facilities and 67 secondary classrooms in these construction projects. A million dollar addition to the Senior High School is now under way from these funds.

The new Senior High School was constructed a unit at a time as funds permitted on a beautiful, spacious 74 acre site. Some additional well-located sites are being acquired on which to build more schools to meet the needs of the growing enrollment.

Each year the average teaching load has been kept at about 25 children per teacher by providing additional classroom space and more teachers. The central office staff has also been increased during the past two years by the employment of a Curriculum Director and an Instructional Materials Coordinator to continue to improve the services to individual students and classroom teachers.

Ames Senior High School

Pupil enrollment, exclusive of about 2,000 people in adult education, is 6,250. There are approximately 385 teachers and other professional staff members and 160 other personnel—secretaries, food service employees, and custodians. The Ames Schools have a fine staff of supervisors who give guidance in the curriculum areas at all levels. There also are special education services for children at all levels.

Conclusion

From the foregoing factual data, it can be seen that Ames offers many advantages—Social, economic, educational. It has an exceptionally high health rating; it is a city of beautiful homes, situated in one of the fairest states in the land, in the heart of the world's wealthiest agricultural region. Ames possesses virtually every element vital to the social and economic welfare and personal happiness of the individual, and every element of success for the small business or small industry.

Statistical Review

LOCATION—In the geographic center and the county seat of 62,000 population Story County. Bisected by U. S. Highway 30 and on the main line of the Chicago and Northwestern and on the Rock Island railroad running from the Twin Cities to Kansas City. Excellent bus service all directions with good connections for motor freight deliveries.

TRANSPORTATION—U. S. Highway No. 30 only cross country highway in the nation, runs one mile south of Nevada. Old No. 30 or the Lincoln Highway of old days, runs thru town. U. S. Interstate 34 is six miles west of Nevada, and No. 65 is eight miles east; these are north-south highways.

Bus Service: Greyhound and Jefferson Lines, seven stops daily.

Rock Island and Chicago Northwestern railroads. Motor freight and transfer.

AGRICULTURAL WEALTH—Nevada is located nearly in the geographic center of the state and centers one of the greatest agricultural areas in the world. The County Extension office is located here with all the activities of a scientific and educational program for Story County farmers and their children. There is also the ASC office, administering government programs for Story County agriculturalists, and the SCD department, handling conservation projects on county farmlands.

WEATHER—Rainfall averages 35 inches per year.

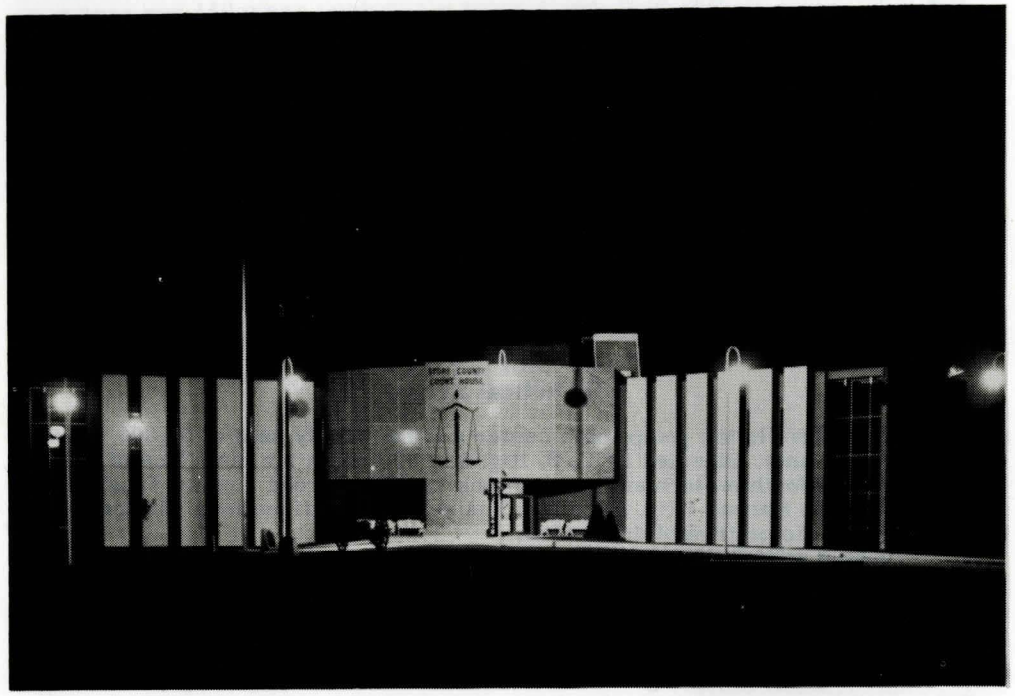

MUNICIPAL BONDED DEBT—$70,000 general obligation bonds (Jan. 1, 1970).

TRADE AREA—Trade center for East Story County Trade Area of 15,000 Farmers' trade center for greater part of Story County.

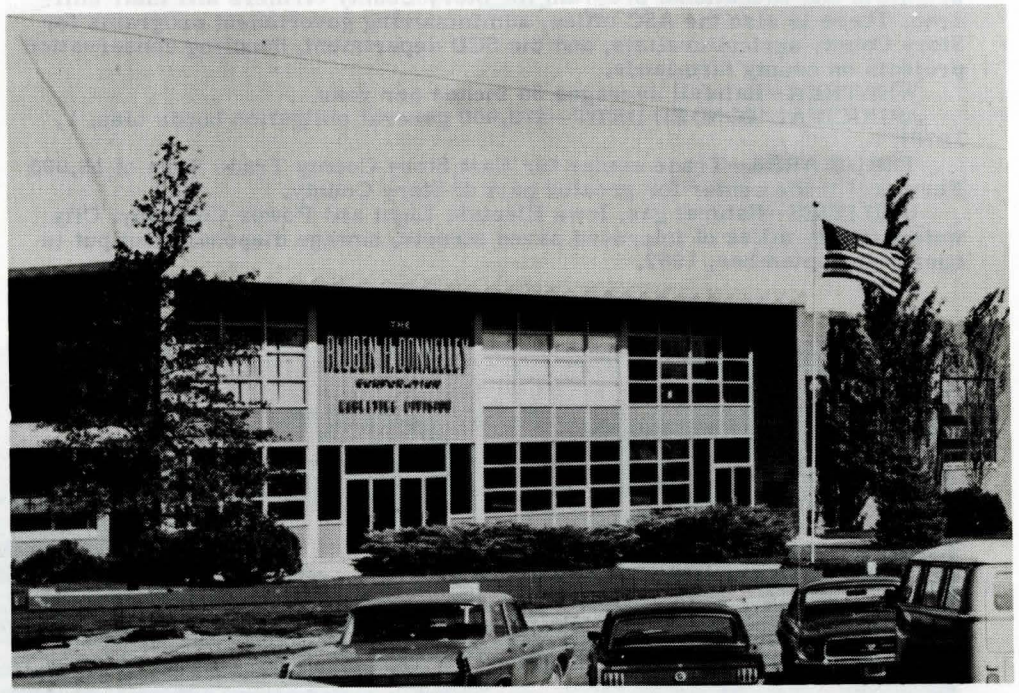

UTILITIES—Natural gas, Iowa Electric Light and Power Company. City water, twenty miles of improved paved streets, sewage disposal plant put in operation September, 1962.

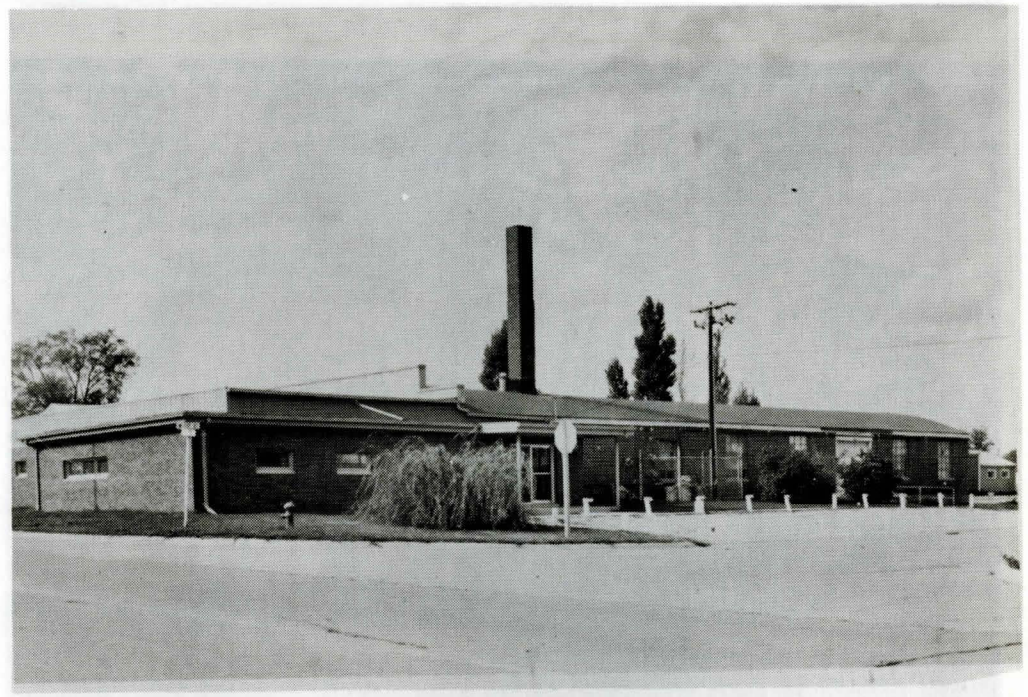

Housing has boomed in Nevada. A population growth from 3,750 has seen two new "additions" fill with modern homes like these in southeast, Nevada. A new addition is being developed east of the 4-H Ground.

Story County Court House

The Reuben H. Donnelley Corporation's 150,000 sq. ft. plant built in Nevada in 1956, and expanded in 1969. The communities largest employer, the direct mail advertising firm employs 400 people regularly with peak employment of 900. The tremendous volume of mail from Donnelley's makes the Nevada Post Office the second largest in the state on the basis of total postage receipts. Expansion included a major computer center for centralized data processing for the marketing division.

Graphic Forms

BUSINESS—Approximately 165 retail establishments, 17 industries; plus Nevada Federal Home Loan and National Farm Loan establishments; Reuben H. Donnelley Corp. plant employing 900 persons; General Telephone System serving six communities; Graphic Forms, employing 100, printing sales forms; Dakota-Bake & Serv-Bread Co., and the Nevada Brick and Tile Factory; Municipal Airport. Only eight miles from multi-million dollar National Animal Disease Laboratory. Two motels. Two cabin and trailer camps.

FINANCIAL INSTITUTIONS—Nevada and the area are served by two banks and a Savings & Loan Association.

Deposits	$27,393,072.00
Capital	1,010,442.00
Surplus	1,080,052.00

The Federal Land Bank Association has an office in Nevada. Serves two and one-half counties. $19,000,000 loans outstanding.

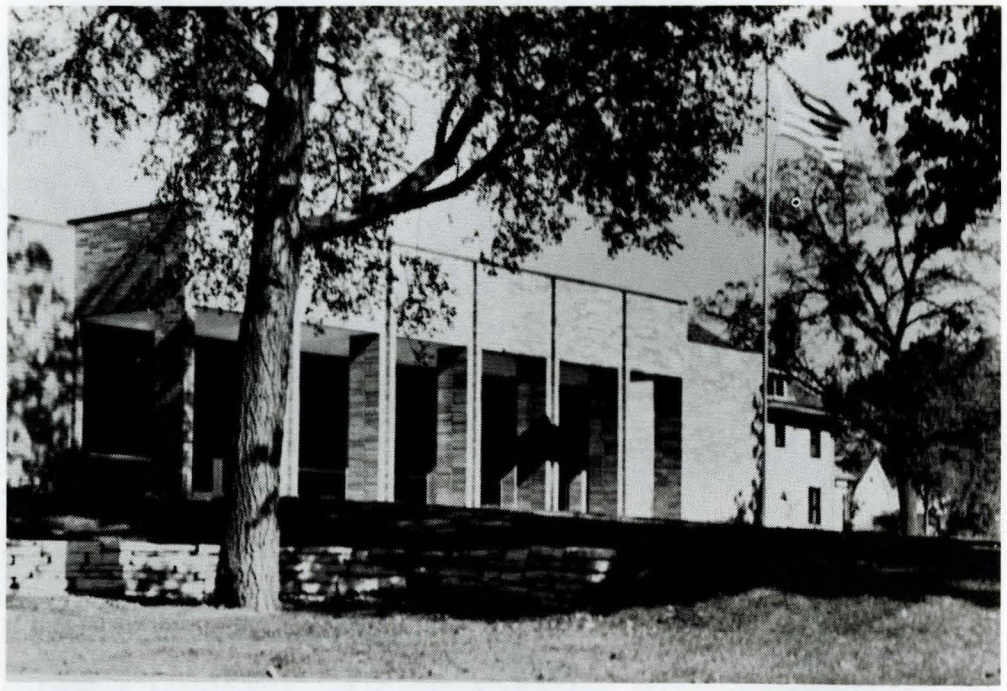

POST OFFICE—Class A, the second largest in the state based on total postage receipts.

NEWSPAPER—Community served by six-day daily newspaper. Nevada Evening Journal, daily circulation 4,650 county wide (and more). Smallest city in Iowa with a daily paper and ranks 30th out of 40 daily Iowa papers.

MEDICAL—Story County Hospital, one of Iowa's most modern small hospitals, was originally built in Nevada in 1951. The Reine Wells wing was added in 1969 and at the same time a complete renovation of the older section was undertaken. This 80 bed institution is capably staffed twenty-four hours a day and features the most up-to-date equipment, including a coronary care unit that is outstanding.

Nevada has four nursing homes for the elderly and infirm. Four physicians, one osteopathic physician, three dentists, two chiropractors and one optometrist provide for the needs of Nevada and surrounding area.

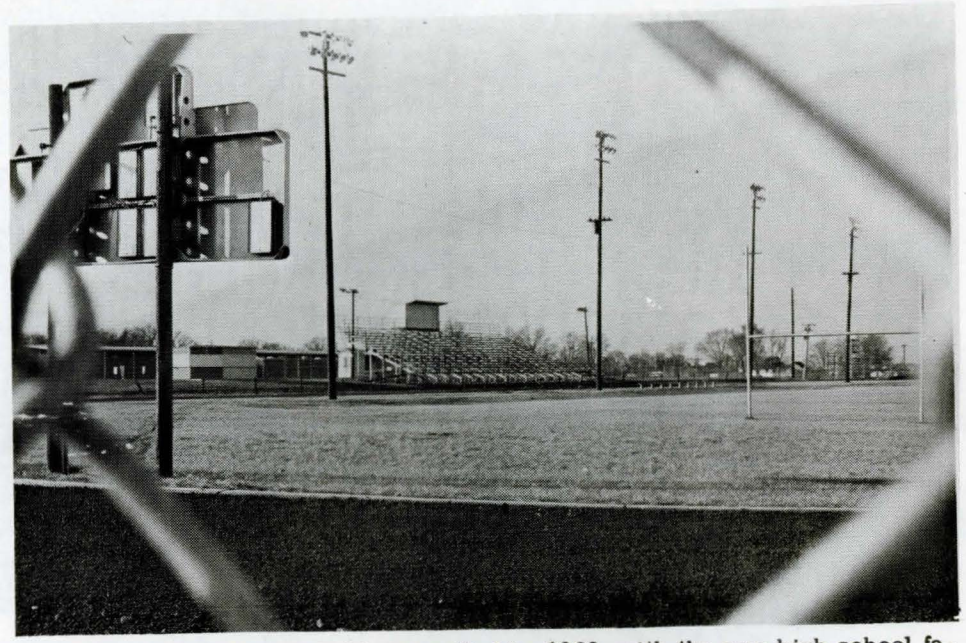

RECREATION—Parks: North Park, playground, picnic area; 4-H grounds with free campground, electricity free, softball diamond, lighted tennis court (skating in the winter). Little League ball sponsored by City Recreation Association. East Story County Swimming Pool, a nontax supported pool. Hickory Grove, county lake and recreation area, 5 miles southeast of Nevada. Indian Creek Country Club, 9-hole golf course (Real estate and plans for adding 9 more). Ten lane bowling alley. Camelot Theater, recently completed and beautifully renovated, seats approximately 500 (one of a chain owned by operator).

New Hospital

Nevada's new (1957) swimming pool was built with $75,000 in donated money. Kids from all over East Story County come here to take part in summer Red Cross water safety programs and just to have fun.

A new football and track field was added in 1963, with the new high school facilities. It is equipped with lights and an electric score board to take care of all games, day or night. Permanent bleachers give adequate space for large crowds.

Through the generosity of Mabel Gates Wadsworth, Nevada was named beneficiary at her death and Gates Memorial Hall became a reality. With a large auditorium, a capacity of 800, an ultra modern lobby and ticket office, and two separate meeting rooms, this building serves any and all community activites.

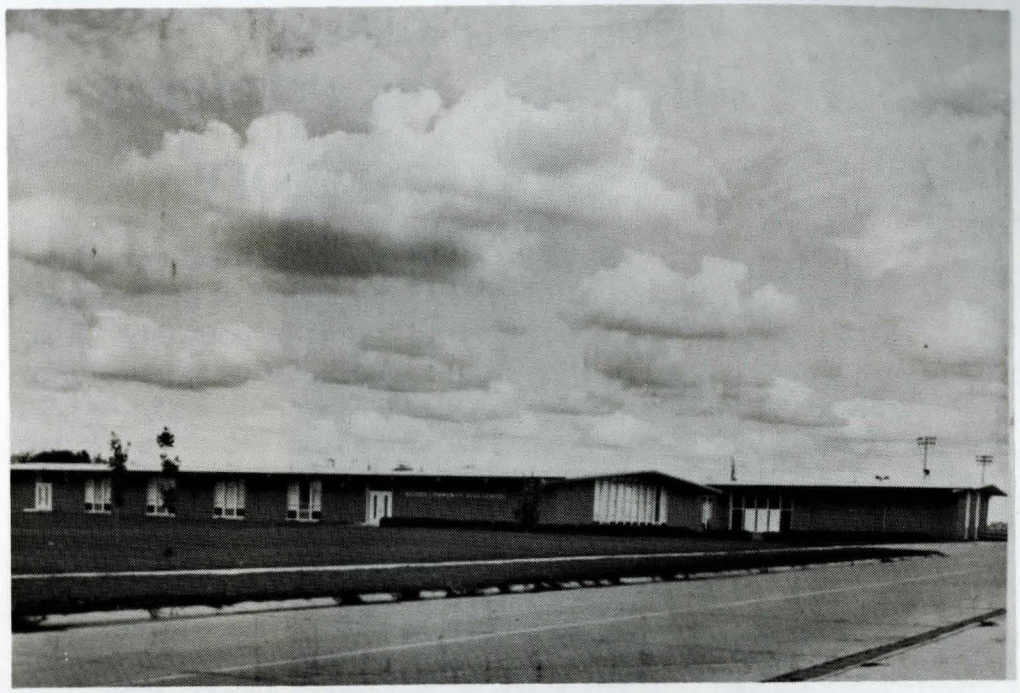

City Park Board funds have helped turn Nevada's 4-H grounds into a summer recreational park for children and adults. West Indian Creek meanders down along the south edge of the grounds. In late summer Story County youngsters use the barns for a big 4-H fair.

CHURCHES—9, represents communities faiths.

MR. CITIZEN! **CORRECT INFORMATION IS VALUABLE TO YOU!**

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

HOW TO USE YOUR CITY DIRECTORY

The major departments in the Directory are arranged in the following order for ready reference:

1. INDEX TO ADVERTISERS
2. INTRODUCTION
3. BUYERS' GUIDE
4. CLASSIFIED
5. ALPHABETICAL SECTION
6. HOUSEHOLDERS' and STREET GUIDE

Particular attention is directed to four symbols as being important contributing factors in supplying complete information. They appear as follows: ALPHABETICAL SECTION, "h"—Householders, "r"—Resident, HOUSEHOLDERS' AND STREET GUIDE, "Δ"—Telephone Subscriber, "@"—Homeowner.

STREET and AVENUE GUIDE
INCLUDING
TELEPHONE NUMBERS, HOME OWNER SYMBOLS
and ZIP CODES

1970

In the following list the streets are arranged in Alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Zip Code numbers are shown immediately following each street description. If a street runs through more than one zone, the new Zip Code number is shown immediately preceding the lowest street number in the new zone.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

HOW TO USE YOUR CITY DIRECTORY

The major departments in the Directory are arranged in the following order for ready reference:

1. INDEX TO ADVERTISERS
2. INTRODUCTION
3. BUYERS' GUIDE
4. CLASSIFIED
5. ALPHABETICAL SECTION
6. HOUSEHOLDERS' and STREET GUIDE

Particular attention is directed to four symbols as being important contributing factors in supplying complete information. They appear as follows: ALPHABETICAL SECTION, "h"—Householders, "r"—Resident, HOUSEHOLDERS' AND STREET GUIDE, "△"—Telephone Subscriber, "◎"—Homeowner.

FAIR PRACTICE CODE

for ADVERTISING and SELLING recommended by the ASSOCIATION OF BETTER BUSINESS BUREAUS, INC.

I. Serve the public with honest values.

II. Tell the truth about what is offered.

III. Tell the truth in a forthright manner so its significance may be understood by the trusting as well as the analytical.

IV. Tell customers what they want to know – what they have a right to know and ought to know about what is offered so that they may buy wisely and obtain the maximum satisfaction from their purchases.

V. Be prepared and willing to make good as promised and without quibble on any guarantee offered.

VI. Be sure that the normal use of merchandise or services offered will not be hazardous to public health or life.

VII. Reveal material facts, the deceptive concealment of which might cause consumers to be misled.

VIII. Advertise and sell merchandise or service on its merit and refrain from attacking your competitors or reflecting unfairly upon their products, services, or methods of doing business.

IX. If testimonials are used, use only those of competent witnesses who are sincere and honest in what they say about what you sell.

X. Avoid all tricky devices and schemes such as deceitful trade-in allowances, fictitious list prices, false and exaggerated comparative prices, bait advertising, misleading free offers, fake sales and similar practices which prey upon human ignorance and gullibility.

STREET and AVENUE GUIDE
INCLUDING
TELEPHONE NUMBERS, HOME OWNER SYMBOLS and ZIP CODES
1970

In the following list the streets are arranged in Alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Zip Code numbers are shown immediately following each street description. If a street runs through more than one zone, the new Zip Code number is shown immediately preceding the lowest street number in the new zone.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

CAUTION . . . .

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore 1000 x 3½ x 305= 1,067,500.

CONSULTATIONS OR CIRCULATION CONSULTED

VITAL INFORMATION AT YOUR FINGER-TIPS

★ Tens of thousands of people who were formerly strangers to the City Directory are consulting it on questions of citizenship, employment, sources of supply, communications, etc. Also, Directory usage is up among regular subscribers.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore 1000 x 3½ x 305= 1,067,500.

CONSULTATIONS OR CIRCULATION CONSULTED

CAUTION . . . .

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Use Our Library of

OUT-OF-TOWN CITY DIRECTORIES

A complete library of out - of - town City Directories is maintained especially for the reference use of our subscribers. We invite you to consult this library of up-to-date Directories when in need of names, addresses, and other information about firms and individuals in other cities. This is a part of our service to local City Directory users.

Study all directory advertising invoices carefully

Business and Classified Directory publishers under various names have flooded our mails for several years with solicitations resembling City Directory invoices. Most such solicitations state that they are not invoices, but nevertheless business people frequently overlook this and process them for payment.

What seems like an invoice may really be a carefully worded proposal for service—of an indefinite nature—and questionable value—to be rendered in the future, *if you pay in advance*. If in doubt, check with your local Better Business Bureau, or your established City Directory publisher.

Before you invest, investigate!

Learn—and Use These Four Departments for Speedy Reference!

Correct business concern name? Correct address? Just what do they do? Their specialties?
Other concerns in same or similar lines? Individuals in same business or profession?
Location of branches?
Where are buildings located—office and public?
What is complete name of Clubs, Societies, Associations, etc?
What are the Churches and where located?
What are the names and locations, and who are the Principals of the Schools?
What are the names and locations of Cemeteries?
What are the locations of the Hospitals, Homes and Asylums?

How does he spell his name? Married? Wife's name? Where does he live? Where does he work?
Does he own a business? Partnership? Corporation? How many adults in the family? (same address)
Is the woman single, married or a widow? Name of widow's husband? Where does she work?
Correct business concern name? Address? What do they do? Specialties? Location of branches?
Partnership or Corporation? Who are the Partners? (if a firm) Who are chief Officers? (in Inc.)
Complete name Clubs, Societies, Associations, etc? Headquarters? Sec? Schedule of meetings?
What are the Churches and where located? Who are the Pastors?
What are the names and locations and who are the Principals of the Schools?
What are the names and locations of the Cemeteries?
What are the locations of the Hospitals, Homes and Asylums?
What are the City, County, State or Federal Departments?
Statistical Information regarding your city?

Who lives at a given address? Does he own his home? Telephone? Is he "head of house" or resident?
Who are his neighbors? Where is the nearest telephone?
What is character of neighborhood? Is it a "home-owners" section, apt. house section, etc?
Just where in the block is it located? Nearest street corner? How do the Streets run?
What is the nearest store, church, school, garage, etc? Quickest way to get there?
If business location, what business? Location of branches?
If an office building, who are in what rooms?

TAKES "MYSTERY" OUT OF BLIND NUMBERS—

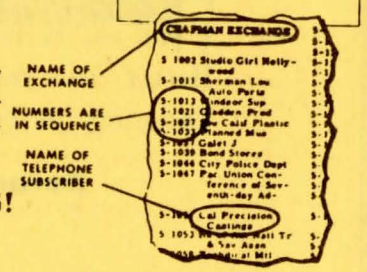

The telephone section has listings in numerical sequence, making it easy to "de-code" blind phone numbers in classified ads.

MORE CONSULTATIONS—

With phone numbers listed, it's obvious your new City Directory will be consulted more often than ever before—making your City Directory advertising more valuable to you.

of R. L. Polk & Co.

CITY DIRECTORIES

Polk City Directories are published regularly for more than 1,300 North American cities. Each Polk Directory is the one complete inventory of residents and businesses in the community for which it is published. The facts compiled for a City Directory include the name, address, occupation and marital status of each resident; the name, address, ownership and classification of each business. The vast fund of information in a Polk Directory helps bring together buyers and sellers, facilitates credit, speeds deliveries and communication and stimulates business generally. Polk also cooperates in maintaining City Directory Reference Libraries in cities throughout the United States and Canada.

MARKETING SERVICES

Polk offers a full range of services to help businesses increase their sales volume. One of Polk's principal services is custom-produced selective mail advertising for many of the nation's leading advertisers. Other services include: Mailing and prospect lists, couponing and sampling, data processing services, publishing of controlled-circulation magazines, contest administration, fulfillment services, consumer and market research, warehousing and shipping, creative services and fulfillment services.

AUTOMOTIVE STATISTICS

Polk has served as statistician for the automotive industry for more than 40 years. Polk's total count of cars, trucks, motorcycles and trailers, by make and year model, is the only annual inventory of the nation's wheeled population. Polk's new car and truck reports furnish manufacturers and dealers with regular capitulations of all sales for each territory. To produce these statistics, Polk maintains one of the largest electronic data processing installations in the country. By using Polk statistical services, American business can plan intelligently its production, distribution and sales.

BANK DIRECTORY

Published semi-annually, Polk's Bank Directory is recognized as the outstanding reference book in the financial world. The directory carries detailed information on each of the nation's banks, showing officers, directors, branches, statement and other data. The book also includes a Summary of United States Banks, charts and statistics and a listing of governmental banking agencies and banking organizations. Polk also offers financial institutions a portfolio of marketing, advertising and research services.
